Objective 2 – Accelerate the Investment Programme and Commitment to Community Engagement		
Background	Kendoon Housing Association had not invested in maintaining stock over several years. Unable to fund investment to bring properties up to RSL expected standards. Kendoon Housing Association had to restrict spend due to loan covenant compliance issues (due to non-investment for years).	
Transfer Requirement	Accelerate the investment programme in the short, medium, and long term. Support community engagement.	
Pineview Promise	Outcome 🚫 😊 😄	
Spend an additional £1.25million on investment within period 01/04/2021 – 31/03/2026. Identify work in consultation with tenants.	£1,132,700 additional investment made so far and we remain on course for commitment to be achieved by 31/03/2026. Consultation with residents on spending priorities has been ongoing since July 2021 and will continue. Feedback from residents has been taken into account in our investment plans and will continue to shape future investment plans. For example, in addition to other works kitchens and windows were brought forward to 2022/2023; kitchens and boilers brought forward to 2023/2024 and communal painterwork commenced.	😊
Survey stock and identify 5-year investment programme. Implement effective planned maintenance programme and comprehensive asset management strategy.	A stock condition survey is carried out annually on rolling basis by Pineview’s surveyors (JMP, Construction and Property Consultants) and property / stock details kept up to date on the HUB (Pineview’s asset management system). The HUB data forms part of our five-year financial projections (the first 5 years of our long-term projections) and also forms our base 5-year investment programme. Committee previously agreed to amend 5-year plans to 3-year plans as this was seen as a more accurately measurable period. These 3-year individual property investment plans were produced and issued to tenants in November 2023.	😊
